

25X1

CONTROL NO.

TOP SECRET RUFF

DATE

16 July 1975 25X1

SUBJECT AREA: Defensive Missiles

DISTRIBUTION: ALL PIs

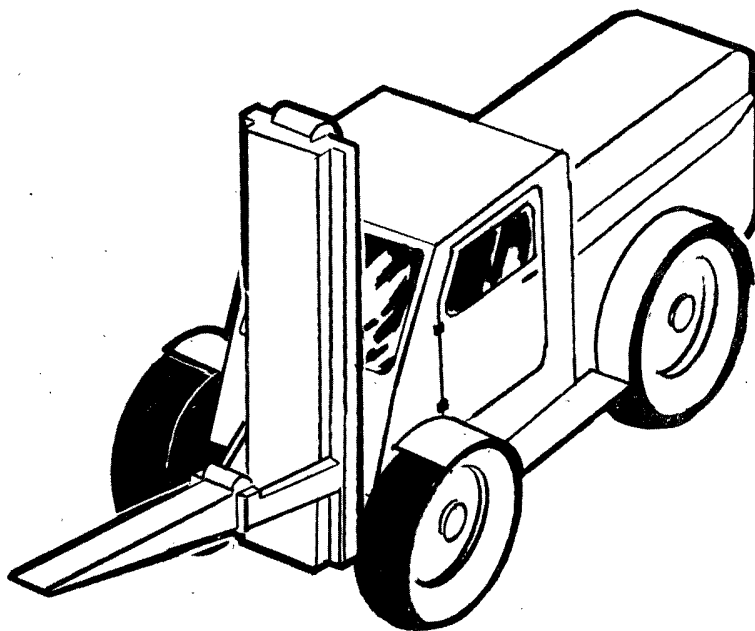

IEG PI NOTICE
No. 63-75

TITLE/SIGNIFICANCE:

Chinese Designed CSA-1 (SAM) Rigging Device Identified

COMMENT: This observation confirms that the Chinese designed rigging device, associated with the CSA-1 missile system, is a Chinese forklift chassis modified to carry a short boom at the front end. The rigging device is used to handle CSA-1 SAM components within a missile support area.

25X1

CHINESE DESIGNED RIGGING DEVICE

LOCATION(S)

Kun-ming SAM Site C27-1
Yunnan, China
